## **ABOUT HUBBARD HALL**

Hubbard Hall is a thriving arts and education center dedicated to cultivating, sustaining and promoting the cultural life of our rural community in Washington County, NY and throughout the Capital Region. We gather people from all walks of life to create, learn, and grow together, while developing, producing, and presenting world-class art and artists. We are an arts incubator, a training ground for artists of all ages and backgrounds, a magnet for artistic activity, a safe haven for risk-taking, an economic driver for our region, and the beating heart of our community.

## **PRODUCTIONS AND PRESENTATIONS: Theater, Music, Opera, Dance, and the Visual Arts**

Since 1878 Hubbard Hall has developed, produced, and presented theater, music, dance, and the visual arts, and in recent years has become a world-class development center for new work. Since 1977, Hubbard Hall's current nonprofit has engaged thousands of artists, students, and audience members in acclaimed productions of theater, opera, music, and dance.

## **FACILITIES**

Hubbard Hall operates four buildings across our campus, including the original 1878 opera house and three recently renovated freight yard buildings containing dance, music and visual arts studios, offices, arts exhibit spaces, and a black box theater. We also own and operate the Cambridge Community Garden, a collaborative garden managed entirely by volunteers and engaging hundreds of students each year with opportunities to grow and harvest their own vegetables; as well as a Quebécois bread oven, available for baking fresh bread and pizza year-round. Recognized as an arts institution in the state of New York, Hubbard Hall is a national model for community-based arts organizations.

## **ABOUT THE BUSHWICK STARR**

The Bushwick Starr is an Obie Award winning not-for-profit theater that presents an annual season of new performance works. We are an organization defined by both our artists and our community, and since 2007, we have grown into a thriving theatrical venue, a vital neighborhood arts center, and a destination for exciting and engaging performance. We provide a springboard for emerging professional artists to make career-defining leaps, and we are a sanctuary where established artists come to experiment and innovate. We are also a neighborhood playhouse, serving our Bushwick, Brooklyn community's diverse artistic needs and impulses.

The Bushwick Starr aims to be a thriving cultural institution rooted in its founding mission to nurture artists in creating their most ground-breaking work, while also exemplifying the idea that affordable, equal access art can obliterate boundaries of class and cultural divides, and that live theater is essential in preserving our generation's ability to connect, engage, and participate in the present moment.

## **ABOUT THE VILLAGE OF CAMBRIDGE, NY**

The Village of Cambridge is an eclectic community filled with families, business people, artists, retired people and many others who have fallen in love with our small town atmosphere, located centrally with access to big cities and towns, and some of the best scenery in New York. We are the home to a Main Street filled with a world-class arts center, a thriving independent bookstore, bakery-café, diner, barbershop, hair salon(s), microbrewery housed in our old railroad station, Quebécois bread oven, public library, local grocery, famers' market, artists' co-op and food co-op, to name just a few amenities.

## RESIDENCIES

Hubbard Hall/Bushwick Starr Residencies support the exploration and development of new and emerging work, with a focus on work and artists producing and performing at The Bushwick Starr in the coming season and beyond. The residencies occur in Cambridge, NY (four hours north of NYC), in Hubbard Hall and across the Hall's campus with visiting companies, artists and ensembles. Focusing on the development of new and devised work, this residency series invites artists to develop new work in beautiful, quiet and artistically rich surroundings far from the noise and pressure of the city, and then to share portions of that work with local audiences via a final showcase sharing (reading, workshop performance or simply demonstration/discussion depending on the project, artistic process, and artists' comfort). This series also allows audiences to explore and learn about the development process and intends to support the development of local, regional and national artists and seeks to further develop our local talent pool through exposure to visiting artists. Typical residencies include honoraria for all participating artists and housing. Artists are responsible for their own travel costs. Residencies can last anywhere from two-three days to two-three weeks.

## TYPES OF PROJECTS

For the 2020-2021 Seasons, Hubbard Hall/Bushwick Starr residencies will focus on supporting the development work already scheduled for production in the Bushwick Starr seasons.

## RECENT PROJECTS

For many years **The Freight Project** operated as a residency series on the Hubbard Hall campus, resulting in dozens of successful projects, including the development of *The Hunger Artist* with Sinking Ship Productions (Drama Desk Nomination). Other recent Hubbard Hall residencies have included a dance residency with the **legendary Twyla Tharp**, a theater residency with **Tony Award winner Rupert Holmes**, the development of a new production of *I Am My Own Wife* by Doug Wright, and shorter-term residencies in puppetry, dance, movement, theater, music, opera and even radio. 2019-2020 Residencies have included *SKiNFoLK*, *The Conversationalists* and *Preparedness*.

## HUBBARD HALL PROVIDES
